We monitor traffic and content to continually improve user experience (UX) and grow visitor numbers by investing in Search Engine Optimisation (SEO) to achieve strong search engine rankings.

Industry Liaison & COVID 19 – Recovery Plans

Since March 2020 when the country went into Lockdown, we communicated with the industry across our digital and social media platforms to ensure local tourism businesses were up to date with the latest guidelines, funding packages and information including intelligence and statistics from government, VisitBritain and industry experts.

BCP Tourism have and continue to develop agile campaigns for each phase of the Recovery Roadmap Strategy, to establish strong foundations to rebuild the industry and maintain brand equity.
